

## Press Release

### Indutrade acquires Danish supplier of sustainable water treatment solutions

Indutrade has signed an agreement to acquire all shares in the Danish company acti-Chem A/S, [www.acti-chem.eu](http://www.acti-chem.eu).

acti-Chem is a leading supplier of sustainable water treatment solutions, managing and optimising quality of complex industrial process water. With focus on reducing water usage, energy consumption and chemicals usage for its customers, the company offers a complete solution, including continuous process optimisation, best available sustainable chemicals, equipment and service, as well as follow up and reporting to the customer.

acti-Chem serves various sectors in the industrial segment such as food & beverage, district heating, facility management, laundry services and general industry. Denmark is the main market, however, the company is also active in Germany and the UK. acti-Chem was founded in 1995 and has 15 employees.

“I am delighted to welcome acti-Chem to Indutrade as it complements us and further enhance our reach within the flow technology segment. Based on the company’s unique offering, customer-centric approach and strong technical know-how, in combination with market drivers such as increased regulation and sustainable production, acti-Chem has good potential for continued growth within its customer segments and geographical markets”, said Bo Annvik, President and CEO of Indutrade.

The closing took place on 24 May and acti-Chem will be included in Indutrade's Business Area Flow Technology. The acquisition is Indutrade's fifth in 2022 and is expected to have a marginally positive impact on Indutrade's earnings per share.
